OBJECTIVE

Passionate Computer Science Engineering student seeking an opportunity to apply technical knowledge and problem-solving skills in developing efficient and innovative software solutions.

EDUCATION

B.E. - Computer Science and Engineering

K. Ramakrishnan College of Technology, Trichy | CGPA:8.11 2023-2027

Higher Secondary Education

SRV Matriculation Higher Secondary School, Trichy | 86% May 2023

SKILLS AND LANGUAGES KNOWN

SOFT SKILLS - Quick Learning, Problem Solving, Communication, Time Management

TECHNICAL SKILLS

- Programming Languages: Java, Python
- Web Development: HTML, CSS
- Database: SQL
- Tools: Github, Canva

LANGUAGES KNOWN - Tamil, English

PROJECTS

SPEECHNCC-AI

Developed SPEECHNCC-AI, an AI-powered speech enhancement and transcription platform using React.js, Node.js, FFmpeg. Implemented noise reduction, speech-to-text conversion, multilingual translation, audio quality metrics analysis, and PDF report generation with MySQL-based history management.
Tech Stack: Python, AI/ML, Speech Processing

Online Blood Donation Management System

Developed a Python-based blood donation management platform with donor registration, blood stock tracking, appointment scheduling, and hospital-recipient coordination using MySQL and Tkinter.
Tech Stack: Python, SQL, Tkinter

Smart Parking System

Designed a Java-based smart parking application featuring slot allocation, vehicle tracking, and parking management using object-oriented programming.
Tech Stack: Java, OOP

CERTIFICATIONS

- **Intern** – Hands-on experience in Java programming At IT INFO Star.
- **NPTEL** - Elite Certificates in Python for Data Science, and Introduction to Machine Learning.
- **Hackathon** - Participated in IndustriAI Hackathon (IIT Madras), TNWISE Women Hackathon, and Smart India Hackathon.
